

## Speaker Information

**Name: Chung-Yung, Mou**

Title: Professor in Chemistry

Affiliation: National Taiwan University

Email: cymou@ntu.edu.tw

---

## Professional interests and specialties

- Supercooled water
- Heterogeneous Catalysis
- Biomedical applications of Mesoporous Silica

## Career

- B.S., 1970, National Taiwan University.
- Ph.D., 1975, Washington University, St Louis.
- Postdoctoral Research Associate, 1975-1977 University of Oregon.
- Associate Professor, 1978-1982, Professor, 1982-2009, National Taiwan University
- Chair Professor, 2009-present, National Taiwan University

He received many recognitions including TWAS-Chemistry Award (2014) and Member of Academia Sinica (2016). Public services include Deputy Minister of National Science Council (2012-2014) and President of the Asia-Pacific Association of Catalysis Societies (2017-).
